My Skill

Technical Skills

- HTML CSS (78%)
- JavaScript (70%)
- Php (67%)
- Laravel (60%)
- React (40%)
- Flutter (30%)
- MySQL (50%)

Designs:

- Adobe Photoshop (78%)
- Adobe Premiere Pro.(70%)
- Adobe Illustrator (45%)
- Adobe Audition (45%)
- Capcut (80%)
- Canva (50%)

Soft Skills:

- Communication (50%)
- Teamwork (70%)
- Time Management (80%)
- Leadership (75%)
- Adaptability (70%)

Languages

Khmer – Proficient (80%)
English – Intermediate (40%)

Awards

Certificate of Appreciation – NMU IT Department (2024)

Strengths and weakness

Strengths: Tolerant, Loyal, Valiant, Trustworthy
Weakness: Arrogant, Short-Tempered and Hasty

Project Experience

E-commerce Website | Laravel + React js | 2024–2025

Developed a full-featured e-commerce platform with product listing, shopping cart, order tracking, and user authentication.

- Full-featured e-commerce app using Laravel (Back-end) and Flutter (Front-end)
- Features: product listing, shopping cart, order tracking, user login
- Real-world development practice using modern framework

Pagoda Management System | Laravel | 2023–2024

Managed monk records, donations, and event scheduling using an older Laravel version.

- Built with Laravel and PHP
- Managed monk records, donations, and event scheduling
- Improved database design and solo development skills

E-Library System | Flutter + Laravel | 2023–2024

Created mobile & web platforms for book management with search and login functionality.

- Cross-platform application using Flutter (Front-end) and Laravel (Back-end)
- Included book search, user login, and borrowing history
- Practiced API integration and responsive UI/UX

Student Management System | HTML, CSS, JS, PHP | 2022–2023

Developed interfaces for managing student records.

- Developed using HTML, CSS, JavaScript, and PHP
- Created interfaces for managing student records (Add/Edit/Delete)
- Learned back-end integration and PHP form handling

Static Website | HTML, CSS, JS | 2022–2023

Designed a responsive front-end layout.

- Built a static website using HTML, CSS, and JavaScript
- Focused on front-end design and responsive layout
- Practiced basic structure, styling, and interactivity

Hobbies and Interests

Web & App Development

Passionate about creating and experimenting with websites and mobile apps, especially using Laravel, React, and new frameworks.

Cybersecurity

Interested in learning and practicing web security concepts through platforms like DVWA, bWAPP, Mutillidae, and WebGoat.

Video Editing & Design

Enjoys editing videos with Adobe Premiere Pro, designing creative content, and producing promotional or motivational videos.

Reading & Research

Likes exploring technology trends, big data applications, and innovative solutions in IT.

Learning New Tools

Constantly discovering shortcuts, techniques, and frameworks to improve workflow and productivity.

Community & Education

Interested in sharing knowledge, motivation, and innovative ideas through personal projects and the page
